

Secrecy and Non-Use Agreement

This agreement is made by and between the "Inventor" and MDI/Synergy Consultants, Incorporated ("Synergy") whose address is 17440 North Dallas Parkway, Suite 201, Dallas, Texas, 75287 and is effective on the date entered below. This agreement shall govern the conditions of disclosure by Inventor of certain confidential information in the attached "Confidential Questionnaire & Disclosure Form" (CQD). Said CQD being submitted to Synergy by the Inventor and hereafter referred to as "Data".

With regard to Data, Synergy hereby agrees:

1. Not to use said Data except for the sole purpose of evaluating its interest;
2. To safeguard Data against disclosure to others; and,
3. Not to disclose Data to others (except to Synergy employees or associates who are bound by a like obligation of confidentiality) without the express written permission of Inventor. These obligations of confidentiality, secrecy and non-use apply to information supplied directly or indirectly, including (i) that supplied in writing or in the form of videos, drawings, photographs, notes, calculations, specifications, proposals, or otherwise, (ii) that acquired from prototypes, materials, or processes tested, (iii) that acquired verbally, and (iv) that acquired by observation.
4. The foregoing obligations of confidence, non-disclosure, and non-use shall not apply to any Data included in such disclosure, to the extent that Synergy can show by written record or documentation that Data:
 - (a) was in Synergy's possession prior to the receipt from Inventor hereunder; or,
 - (b) is received from third parties, provided such third parties did not acquire such information directly or indirectly from Inventor under any obligation of confidence that is breached by disclosure to Synergy; or
 - (c) is or becomes publicly known or available to the public through no fault of Synergy.
5. Nothing in this Agreement or the act of making disclosure pursuant hereto shall be deemed to grant Synergy any right under any patents or patent applications, now or hereafter owned by the Inventor.
